And if it were collected at its lower levels through a national sales tax, most people would not have to file a return. Now, Behavioral Public Finance brings the insights of behavioral economics to analysis of policies that affect us all. Choi, David Laibson, Brigitte C.

There's a problem loading this menu right now. Please try again later. So why do politicians fight them? McCaffery, holder of the Dean and Carl Mason Franklin Chair in Law and professor of law, economics and political science in the USC Gould School of Law, proposes a straightforward alternative to the current system - a plan that taxes spending, not income and savings. But if this is his aim, he also needs to show that the Fair Not Flat Tax is also better.
