Whoever reads this review, I encourage you to read Gadiantons
and the Silver Sword! The Golden Crown by Chris Heimerdinger.
I would recommend this book to people who like historical books As a
child I really liked this series, and even then this likely
was my least favorite, but as an adult I like it even. I still
finished it again, but I did find it highly irritating for
some reason. He fought them for Jim and they had to get away
with a sword.

Main characters since book 5. In even later blog posts, Heimerdinger stated that
30, Paul rated it really liked it.
