He is born into the world in an eccentric position and requires the artificiality of a second nature, which is available in the surrounding cultural context, in order to be able to live at all. Plessner is among those thinkers seeking to transcend a tragic contradiction by giving its polarized expression a surprising turn: It appears necessary, in order to act out embodied being correctly, to forget the body. Disgrace-Blamage-isoneofthekeywordsofthepostwarturmoil,andtheoffi Refresh and try. First, a living being needs to defend its core identity against the danger of exposure; at the same time, however, this isolated being must go into the world,

become acquainted with the human collective, and preserve  
itself there under tyrannical conditions. Nor did Thomas  
Hobbes, shifting control to the state, trust inner impulses or  
the subject's action in anticipation of state rationality.
