TheModernDenialofHumanNaturebyStevenPinkerTheBlankSlateisanambiti
My second big problem is that Pinker sells an extreme form of evolutionary psychology that simply doesn't have evidence to back it up and is not the logical alternative to the blank slate. Another reason is the greater American sensitivity to issues surrounding race, which makes any kind of innatism seem to veer too close for comfort to hypotheses about innate racial differences.

TheModernDenialofHumanNaturebyStevenPinkerTheBlankSlateisanambiti
Pinker manages brilliantly to explain various questions about human behavior succinctly, so perhaps some people would have no need to look for additional elaborations.
