However, as we will see in Chapter 3, this practice did not last long. Then those men will be as Turk as I and will serve the country. These foundations and institutions are to be granted the same facilities and authorization as other private institutions of that nature established by other Turkish nationals and their right to form new institutions of this sort would not be prevented by the state article 42 3. These areas were not registered for tax by the centre and their governance was. These areas were registered for tax, and the centre also sent kadis judges who had financial and legal authority. They were allowed to collect taxes for these functions under the scrutiny of the state, which ensured against abuses. I kindly request you not only to use the term Turkishness. Our search leads us to the conclusion that the legal system and jurisprudence has eased in Turkish nationalist discourse and, moreover, has participated in creating a legal discourse of Turkish nationalism.
