This book is not yet featured on Listopia. Write a customer
review. I would have liked more coverage of joint replacements
of all types and complications thereof.

There was a problem filtering reviews right now. Write a customer review.

Written by an acknowledged master in the field, Skeletal
Radiology: Strategy guide and comprehensive study manual.

BNotable of contents which makes looking up specific topics very time consuming
book includes over images selected from the teaching files and
clinical case material at leading medical centers. Would you
like to report this content as inappropriate?
