It is a fascinating and intriguing t If you've ever wondered how people get to "that" point when they can do something you consider heinous or evil, this is an interesting read. Sign in to access your subscriptions Sign in to your personal account. IfyoucanmuddlethroughZ'srepetitivedescriptionsandtrulyawfulmethod He then describes other social psychology experiments which further support his situational theory of normal people turning evil, culminating in a detailed discussion of the events at Abu Ghraib and making convincing arguments for the idea that the situation, and the system, carried more of the blame than did the individual guards although of course he does not completely absolve them of personal responsibility. Evil may be banal and common, but so is heroism and goodness. FirstPagePreviewViewLarge.Ontheotherhand,hefrequentlystatesthatwe book is well-written, intelligent, and ultimately convincing.
