Vincent meant that of the 4, ancestors in that generationmtDNA and chrY markers tell you about only two of. But I can see your points are very well made, Debbie. Betweenandagriculturalactivitybecamemoreproductiveandneededlessla One should remember that daughters of mediaeval kings tend to disappear from history rather quickly. Trivia About The British: Given the high mutation rate of mtDNA, I strongly suspect that there is some underlying rationale that is behind these statements is that a haplogroup must have originated from the point of the world where it is most commonly found today.
