A novel will then come close to mythic characters turning into symbols of permanent human states or impulses, particular incarnations of general truths perhaps only realized for the first time in the act of reading. Even the long picaresque novel—which, in the hands of a Fielding or his contemporary Tobias Smollett can rarely be accused of sentimentality—easily betrays itself into such acts of self-indulgence as the multiplication of incident for its own sake, the coy digression the easygoing jogtrot pace that subdues the sense of

urgency that should lie in all fiction. There are, however, ways of constructing novels in which plot may play a desultory part or no part at all.
