When Christopher first returned home he could Christopher's Story walk, but in just four months he had built up enough strength to re-enter school and resume a normal life amongst classmates. And just when readers have thought it couldn't get Christopher's Story worse, there is a twist at the end that is beyond belief. In school learning takes a back seat to behavior management.

How could this happen to our dear friend Charis? I became fascinated with the That's Christopher's Story quite young in this age to be out in civilization with his problems. Adolescence brings violence, substance abuse, inappropriate sexual advances, and turns in and out of placements.

Indications that the boy is brain-damaged are ignored for many years. Watch Chris's video here:
